Have agreed as follows:

CHAPTER I

SCOPE OF THE CONVENTION

Article I

Personal Scope

This Convention shall apply to persons who are residents of one or both of the Contracting States.

Article 2

Taxes covered

1. This Convention shall apply to taxes on income imposed on behalf of a Contracting State or of its political subdivisions or local authorities, irrespective of the manner in which they are levied.

2. There shall be regarded as taxes on income all taxes imposed on total income, or on elements of income, including taxes on gains from the alienation of movable or immovable property, as well as taxes on capital appreciation.

3. The existing taxes to which the Convention shall apply are in particular:

Article 4

Resident

1. For the purposes of this Convention, the term “resident of a Contracting State” means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature. But this term does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

a) he shall be deemed to be a resident of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident of the State with which his personal and economic relations are closer (centre of vital interests);

b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident of the State in which he has an habitual abode;

c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident of the State of which he is a national;

d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident of the State in which its place of effective management is situated.

Article 5

Permanent establishment

1. For the purposes of this Convention, the term “permanent establishment” means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term “permanent establishment” includes especially:

a) a place of management;

b) a branch;

c) an office;

d) a factory;

- e) a workshop;
- f) a warehouse in relation to a person providing storage facilities for others; and
- g) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

3. A building site, a construction, assembly or installation project constitutes a permanent establishment only if it lasts more than six months.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

- a) the use of facilities solely for the purpose of storage or display of goods or merchandise belonging to the enterprise;
- b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage or display;
- c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
- e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;
- f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraph a) to e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person – other than an agent of an independent status to whom paragraph 6 applies – is acting in a Contracting State on behalf of an enterprise of the other Contracting State, that enterprise shall be deemed to have a permanent establishment in the first-mentioned State if the person:

- a) has and habitually exercises in that State an authority to conclude contracts on behalf of the enterprise, unless his activities are limited to the purchase of goods or merchandise for that enterprise; or
- b) has no such authority, but habitually maintains in that State a stock of goods or merchandise from which he regularly delivers goods or merchandise on behalf of the enterprise.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

CHAPTER III

TAXATION OF INCOME

Article 6

Income from immovable property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7

Business profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the

profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

Shipping and Air Transport

1. Profits from the operation of aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. Profits arising in a Contracting State and derived from the operation of ships in international traffic by an enterprise having its

place of effective management in the other Contracting State may be taxed in the first-mentioned State but the rate of tax chargeable in that State shall be reduced to fifty per cent thereof and shall in no case exceed 4 per cent.

3. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.

4. The provisions of paragraphs 1 and 2 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9

Associated Enterprises

1. Where –

a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or,

b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State – and taxes accordingly – profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

Article 10

Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the recipient is the beneficial owner of the dividends the tax so charged shall not exceed:

- a) 10 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 10 per cent of the capital of the company paying the dividends;
- b) 15 per cent of the gross amount of the dividends in all other cases.

3. The provisions of paragraph 2 shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

4. The term "dividends" as used in this Article means income from shares, "jouissance" shares or "jouissance" rights, mining shares, founders' shares or other rights participating in profits, as well as income from profits sharing bonds and income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits,

even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11

Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the recipient is the beneficial owner of the interest the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2:

a) the Bangladesh Bank shall be exempt from Netherlands tax with respect to interest arising in the Netherlands;

b) the Central Bank of the Netherlands shall be exempt from Bangladesh tax with respect to interest arising in Bangladesh;

c) the Government of a Contracting State shall be exempt from tax in the other Contracting State with respect to interest arising in that other State;

d) interest arising in a Contracting State and paid in respect of a loan made by or guaranteed or insured by the Government of the other Contracting State, the Central Bank of the other State or any agency or instrumentality (including a financial institution) owned or controlled by the Government of the other State shall be exempt from tax in the first-mentioned State;

e) interest arising in a Contracting State and paid to a resident of the other Contracting State by virtue of a contract of financing or of delay in payment relating to the sale of industrial, commercial or scientific equipment or to the construction of industrial, commercial or scientific installations as well as of public works shall be exempt from tax in the first-mentioned State.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures.

However, this term does not include income dealt with in Article 10. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the

interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12

Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the recipient is the beneficial owner of the royalties the tax so charged shall not exceed 10 per cent of the gross amount of the royalties.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use a copyright of a literary, artistic or scientific work, including cinematograph films, or films or tapes for radio or television broadcasting, any patent, trademark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the

beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

1. Capital gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

3. Capital gains from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

4. Capital gains from the alienation of any property other than that referred to in paragraphs 1, 2 and 3, shall be taxable only in the Contracting State of which the alienator is a resident.

5. The provisions of paragraph 4 shall not affect the right of each of the Contracting States to levy according to its own law a tax on gains from the alienation of shares or "jouissance" rights in a company, the capital of which is wholly or partly divided into shares and which is a resident of that State according to the laws of that State, derived by an individual who is a resident of the other Contracting State and has been a resident of the first-mentioned State in the course of the last five years preceding the alienation of the shares or "jouissance" rights.

2. Where income in respect of personal activities exercised by an entertainer or an athlete in his capacity as such accrues not to the entertainer or athlete himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or athlete are exercised.

3. Notwithstanding the provisions of paragraphs 1 and 2 of this Article, income derived from such activities as defined in paragraph 1 shall be exempt from tax in the Contracting State in which these activities are exercised if the visit of the entertainers, the musicians or the athletes to a Contracting State is supported wholly or substantially from public funds of the other Contracting State, a political subdivision or a local authority thereof, or if these activities are performed under a cultural or sport agreement or arrangement between the Contracting States.

In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

CHAPTER IV

ELIMINATION OF DOUBLE TAXATION

Article 23

Elimination of Double Taxation

1. The Netherlands, when imposing tax on its residents, may include in the basis upon which such taxes are imposed the items of income which, according to the provisions of this Convention, may be taxed in Bangladesh.

However where a resident of the Netherlands derives items of income which according to Article 6, Article 7, paragraph 5 of Article 10, paragraph 5 of Article 11, paragraph 4 of Article 12, paragraphs 1 and 2 of Article 13, Article 14, paragraph 1 and 3 of Article 15, Article 16, Article 19 and paragraph 2 of Article 22 of this Convention may be taxed in Bangladesh and are included in the basis referred to in paragraph 1 the Netherlands shall exempt such items of income by

allowing a reduction of its tax. This reduction shall be computed in conformity with the provisions of Netherlands law for the avoidance of double taxation. For that purpose the said items of income shall be deemed to be included in the total amount of the items of income which are exempt from Netherlands tax under those provisions.

3. Further, the Netherlands shall allow a deduction from the Netherlands tax so computed for the items of income which according to paragraph 2 of Article 8, paragraph 2 of Article 10 paragraph 2 of Article 11, paragraph 2 of Article 12, paragraph 5 of Article 13, Article 17 and paragraph 2 of Article 18 of this Convention may be taxed in Bangladesh to the extent that these items are included in the basis referred to in paragraph 1. The amount of this deduction shall be equal to the tax paid in Bangladesh on these items of income, but shall not exceed the amount of the reduction which would be allowed if the items of income so included were the sole items of income which are exempt from Netherlands tax under the provisions of Netherlands law for the avoidance of double taxation.

4. Where, by reason of special relief given under the provisions of Bangladesh law for the purpose of encouraging investment in Bangladesh the Bangladesh tax actually levied on interest and royalties arising in Bangladesh is lower than the tax Bangladesh may levy according to paragraph 2 of Article 11 and paragraph 2 of Article 12, then the amount of the tax paid in Bangladesh on such interest and royalties shall be deemed to have been paid at the rates of tax mentioned in the said provisions. However, if the general tax rates under Bangladesh law applicable to the afore-mentioned interest and royalties are reduced below those mentioned in the foregoing sentence these lower rates shall apply for the purposes of that sentence.

The provisions of the two foregoing sentences shall only apply for a period of ten years after the date on which the Convention became effective. This period may be extended by mutual agreement between the competent authorities.

5. Subject to the provisions of the law of Bangladesh regarding the allowance as a credit against Bangladesh tax of tax payable in a territory outside Bangladesh (which shall not affect the general principle hereof), tax payable under the laws of the Netherlands and in accordance with this Convention on income, profits or gains from sources within the Netherlands shall be allowed as a credit against any Bangladesh tax computed in respect of the same income, profits or gains by reference to which the Netherlands tax is computed.

For the purposes of this paragraph in determining the taxes on income paid to the Netherlands, the investment premiums and bonuses and disinvestment payments as meant in the Netherlands Investment Account Law ("Wet investeringsrekening") shall not be

taken into account. For the purposes of this paragraph, the taxes referred to in paragraph 3 (a) and 4 of Article 2 shall be considered taxes on income.

CHAPTER V

SPECIAL PROVISIONS

Article 24

Non-Discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging in a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Except where the provisions of paragraph 1 of Article 9 paragraph 7 of Article 11, or paragraph 6 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

5. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

Article 25

Mutual Agreement Procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 24, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.

4. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs. When it seems advisable in order to reach agreement to have an oral exchange of opinions, such exchange may take place through a Commission consisting of representatives of the competent authorities of the States.

Article 26

Exchange of Information

1. The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Convention or of the domestic laws of the Contracting States concerning taxes covered by the Convention insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Article I. Any information received

by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) involved in the assessment or collection of, the enforcement in respect of, or the determination of appeals in relation to, the taxes covered by the Convention. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

2. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:

- a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- c) to supply information which would disclose any trade, business, industrial, commercial, or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (*ordre public*).

Article 27

Diplomatic Agents and Consular Officers

1. Nothing in this Convention shall affect the fiscal privileges of members of a diplomatic mission or consular post under the general rules of international law or under the provisions of special agreements.

2. For the purposes of the Convention, an individual who is a member of a diplomatic mission, consular post or permanent mission of a Contracting State which is situated in the other Contracting State or in a third State shall be deemed to be a resident of the sending State if he is liable in the sending State to the same obligations in relation to tax on his total world income as are residents of that sending State.

3. The Convention shall not apply to international organisations, to organs or officials thereof and to persons who are members of a diplomatic, consular or permanent mission of a third State being present in a Contracting State and who are not liable in either Contracting State to the same obligations in relation to tax on their total world income as are residents thereof.

Article 28

Regulations

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of paragraph 2 of Article 10, of paragraphs 2 and 3 of Article 11 and paragraph 2 of Article 12.

Article 29

Territorial Extension

1. This Convention may be extended, either in its entirety or with any necessary modifications, to any part or territory of the Kingdom of the Netherlands to which the Convention does not apply and which imposes taxes substantially similar in character to those to which the Convention applies. Any such extension shall take effect from such date and subject to such modifications and conditions, including conditions as to termination, as may be specified and agreed in notes to be exchanged through diplomatic channels or in any other manner, in accordance with their constitutional procedures.

2. Unless otherwise agreed the termination of the Convention shall not also terminate any extension of the Convention to any part or territory to which it has been extended under this Article.

With reference to Article 3 of the Convention signed today between the Kingdom of the Netherlands and the People's Republic of Bangladesh for the Avoidance of Double Taxation with respect to Taxes on Income, I have the honour to explain that the conclusion of this Convention does not affect the position of the Kingdom of the Netherlands concerning the Maritime boundaries of the People's Republic of Bangladesh.

Regarding the taxation of income from ships, Bangladesh agreed to reopen negotiations with the Netherlands with a view to according treatment that is similar to any more favourable treatment of income from ships granted by Bangladesh in a treaty or other agreement with another country after the signing in Dhaka of the Memorandum of Understanding by the Heads of Delegations on January 16th, 1992.

Regarding the taxation at source on interest Bangladesh also agreed to reopen negotiations with the Netherlands with a view to according treatment that is similar to any more favourable treatment of interest received by a bank or any other financial institution (including an insurance company) granted by Bangladesh in a treaty or other agreement with another country.

I would be grateful if you would confirm that you are in agreement with the above. If so, this Nota and Your Excellency's Note of Reply shall be regarded as an integral part of this Convention and will enter into force on the date of entry into force of the Convention.

Permit me, Excellency, to renew to you the assurances of my highest consideration.
